CONTENTS

No. 1 JANUARY, 1935

VAN R. POTTER AND KURT W. FRANKE. The effect of diet upon the blood thioneine of the albino rat. Two figures 1

W. T. SALTER, P. D. ROBB AND F. H. SCHARLES. Liver glycogen from derivatives of glucose. Four figures 11

C. A. LILLY, C. B. PEIRCE AND R. L. GRANT. The effect of phosphates on the bones of rachitic rats. Three plates (twelve figures) 25

HELEN S. MITCHELL AND WARREN M. DODGE. Cataract in rats fed on high lactose rations. Two figures 37

J. M. COLEMAN AND R. W. RUPRECHT. The effect of fertilizers and soil types on the mineral composition of vegetables 51

J. A. KEENAN, O. L. KLINE, C. A. ELVEHJEM AND E. B. HART. The stability of vitamins B(B_1), G(B_2) and B_6. One figure 63

MARGARET A. OHLSON AND KATE DAUM. A study of the iron metabolism of normal women. One figure 75

AMY L. DANIELS, MARY K. HUTTON, ELIZABETH M. KNOTT, OLIVE E. WRIGHT, GLADYS J. EVERSON AND FLORENCE SCOULAR. A study of the protein needs of preschool children. Three charts 91

JENNIE TILT AND CATHERINE F. WALTERS. A study of the basal metabolism and diet of normal young college women in Florida 109

No. 2 FEBRUARY, 1935

CHARLES F. POE AND ESTHER L. GAMBILL. The vitamin G content of home-canned tomato juice. One figure 119

T. C. SHERWOOD AND W. G. LUCKNER. Further studies on the effect of cod liver oil on the thyroid gland. Two plates (six figures) 123

WARREN M. SPERRY AND V. A. STOYANOFF. Effects of long-continued cholesterol feeding in rats. Two figures 131

WARREN M. SPERRY AND V. A. STOYANOFF. The effect of diet on liver cholesterol in chickens 157

DOROTHY V. WHIPPLE. Vitamins A, D and B in oysters—Effect of cooking upon vitamins A and B. Three figures 163

SAMUEL H. BASSETT AND HELEN E. VAN ALSTINE. Mineral exchanges of man. IV. Variations in the mineral content of diets with a constant raw weight formula 175

AMY L. DANIELS AND GLADYS J. EVERSON. The relation of manganese to congenital debility 191

I. M. RABINOWITCH AND A. F. FOWLER, with the technical assistance of M. Mountford and P. Holroyde. Respiratory metabolism studies in hyperinsulinism following ingestion of glucose 205

JOHN R. MURLIN AND ALAN C. BURTON. Human calorimetry. I. A semi-automatic respiration calorimeter. Nine figures 233

No. 3 MARCH, 1935

ALAN C. BURTON. Human calorimetry. II. The average temperature of the tissues of the body. Three figures 261

ALAN C. BURTON AND JOHN R. MURLIN. Human calorimetry. III. Temperature distribution, blood flow and heat storage in the body in basal condition and after ingestion of food. Four figures 281

ROBERT S. HARRIS AND JOHN W. M. BUNKER. The phytin phosphorus of the corn component of a rachitogenic diet. One figure 301

E. H. HUGHES AND HUGH G. HART. Production and composition of sow's milk 311

SAMUEL H. BASSETT. Mineral exchanges of man. V. Balances of electrolytes in a case of hyperparathyroidism. Five figures 323

SAMUEL H. BASSETT AND HELEN E. VAN ALSTINE. Mineral exchanges of man. VI. The effect of extirpation of a parathyroid tumor on the balances of electrolytes. Four figures 345

JOHN C. KRANTZ, JR., AND C. JELLEFF CARR. A statistical study of the metabolism of the fasting albino rat. One figure 363

AGNES FAY MORGAN, LOUISE KIMMEL, ANNA FIELD AND PAUL F. NICHOLS. The vitamin content of Sultanina (Thompson seedless) grapes and raisins 369

AGNES FAY MORGAN, ANNA FIELD, LOUISE KIMMEL AND PAUL F. NICHOLS. The vitamin content of figs 383

No. 4 APRIL, 1935

AGNES FAY MORGAN, MARION J. HUNT AND MILDRED SQUIER. The vitamin B and G content of prunes. One chart and one figure 395

D. B. SMUTS. The relation between the basal metabolism and the endogenous nitrogen metabolism, with particular reference to the estimation of the maintenance requirement of protein 403

SIDNEY FEYDER AND H. B. PIERCE. Rates of absorption and glycogenesis from various sugars. Three figures 435

SIDNEY FEYDER. Fat formation from sucrose and glucose 457

HELEN M. COPLAN AND MYRA M. SAMPSON. The effects of a deficiency of iodine and vitamin A on the thyroid gland of the albino rat. Two plates (nine figures) 469

INEZ D. MASON AND LEROY S. PALMER. Utilization of gelatin, casein and zein by adult rats 489

MARGARET DANN AND GEORGE R. COWGILL. The vitamin C requirement of the guinea pig. One chart 507

E. O. WHITTIER, C. A. CARY AND N. R. ELLIS. The effects of lactose on growth and longevity. Five figures 521

No. 5 MAY, 1935

L. A. MOORE, C. F. HUFFMAN AND C. W. DUNCAN. Blindness in cattle associated with a constriction of the optic nerve and probably of nutritional origin. Six figures 533

ELIZABETH CHANT ROBERTSON AND M. ELIZABETH DOYLE. Intestinal stasis in low mineral diets. Four figures 553

WALTER C. RUSSELL, M. W. TAYLOR AND D. E. WILCOX. A comparison of the antirachitic potency of cod liver oil and irradiated ergosterol on a curative and preventive basis 569

RAY G. DAGGS. Studies on lactation. II. Technic for studying lactation in rats. One figure 575

R. G. DAGGS AND R. L. TOMBOULIAN. Studies on lactation. III. Effect of various dietary principles on lactation in rats. One figure 581

RUTH COWAN CLOUSE. The effect of grape as compared with other fruit juices on urinary acidity and the excretion of organic acids. Six figures 593

SAM I. STEIN. Experimental studies on the hypophysis cerebri. IV. The effect of vitamin E deficiency in the female albino rat 611

GLENN L. BARNUM. The vitamin E content of eggs as related to the diet of the hen and to hatchability 621

PAUL L. DAY, WILLIAM C. LANGSTON AND CARROLL F. SHUKERS. Leukopenia and anemia in the monkey resulting from vitamin deficiency 637

No. 6 JUNE, 1935

H. E. SETTERFIELD AND T. S. SUTTON. The use of polarized light in the study of myelin degeneration. II. The degeneration of myelinated nerves in avitaminosis A in the white rat. Four figures 645

ROBERT F. PITTS. The effect of protein and amino acid metabolism on the urea and xylose clearance. Three charts 657

N. B. GUERRANT, RUSSEL A. RASMUSSEN AND R. ADAMS DUTCHER. The value of the chemical titration method in determining the vitamin C potency of certain food substances 667

ZELDABETH LONG AND MARTHA S. PITTMAN. Utilization of meat by human subjects. II. The utilization of the nitrogen and phosphorus of round and liver of beef 677

BERNICE L. KUNERTH, IDA M. CHITWOOD AND MARTHA S. PITTMAN. Utilization of meat by human subjects. III. The utilization of the nitrogen and phosphorus of beef heart 685

H. J. GORCICA, W. H. PETERSON AND H. STEENBOCK. The nutritive value of fungi. II. The vitamin B, G and B_4 content of the mycelium of Aspergillus sydowi. Four figures 691

H. J. GORCICA, W. H. PETERSON AND H. STEENBOCK. The nutritive value of fungi. III. The growth of rats on supplemented and unsupplemented mold proteins. Five figures 701

ALFRED E. KOEHLER, IONE RAPP AND ELSIE HILL. The nutritive value of lactose in man. One figure 715

K. E. MASON AND J. M. WOLFE. Relation of castration to vitamin A-deficiency in the rat. Two figures 725

K. E. MASON AND E. T. ELLISON. Changes in the vaginal epithelium of the rat after vitamin A-deficiency. Two plates (twenty figures) 735

AMERICAN INSTITUTE OF NUTRITION. Proceedings of the second annual meeting and abstracts of papers presented ..... Sup. 1
